August 2024 - October 2024 (Contract)

Technologies: Angular, Angular Material UI, NgRx, RxJS, .NET

- Revamped a Web platform for a UAE client, modernizing the front end with Angular and enhancing backed performance.

Basic Informations

Place	: **Kerala, India**
Date of Birth	: **08 Auguat 1997**
Passport No	: **V4438925**
Visa Status	: **Mission Visa**

Education

Bachelor of Technology
Kerala Technological University,
August 2020

Higher Secondary
Kerala Department of Higher
Secondary Education : March 2016

Certifications

React Native Development –
Inmakes, May 2023 – Nov 2023

Google Compute Engine Architecture – Coursera, Sep 2019

Cybersecurity for Beginners –
Udemy, Aug 2018

Full Stack Web Development –
Mashup Stack, Aug 2018

Honors & Affiliations

Elite Member – Kerala Police
Cyberdome, Feb 2020 – Present

Volunteer – Google Developer Group
Trivandrum, Sep 2019 – Present

Top Contributor – Kerala Police
Cyberdome, 2020, 2021

**CSI Highest Committed Student
Branch Activist Award –**
Bhubaneshwar, Jan 2020

Stacqube Technologies | Software Engineer

March 2024 - August 2024 (Contract)

Technologies: Angular, Angular Material UI, NgRx, RxJS, .NET Web API, Node JS

- Created a scalable Banking Loan Management Portal, handling over 1,000 transactions monthly and improving operational efficiency
- by 20% through seamless integration with cloud and secure payment gateways.

Techwarelab Private Limited | Software Engineer

Decemebr 2022 - February 2024

Technologies: Angular, Node.js, Kendo UI, Firebase, NgRx, RxJS

- Spearheaded development for a Kindergarten Management System and CRM tool, achieving a 35% reduction in client workload through automation and a 15% boost in user engagement via optimized interfaces.

Nurac Solutions | Full Stack Developer

June 2021 - November 2023

Technologies: Angular, Node.js, Kendo UI, Firebase, NgRx, RxJS, React JS, Laravel, MongoDB

- Spearheaded development for a Kindergarten Management System and CRM tool, achieving a 35% reduction in client workload through automation and a 15% boost in user engagement via optimized interfaces.

QuadB Apparels Private Limited | Web Developer Intern

March 2021 – May 2021

Technologies: Angular, Node.js, Bootstrap, ReactJS, Laravel API

- Developed features for a fashion e-commerce platform, enhancing user experience and increasing conversion rates by 15%.

Abeyaantrix Innovatives | Web Developer

Aug 2018 – July 2020

Technologies: HTML, CSS, Bootstrap, ReactJS

- Created responsive websites that led to a 20% rise in mobile engagement, working closely with design and marketing teams to boost brand interaction.

Internships

Web Development Internship at Keltron Trivandrum

Languages

English , Malayalam

Hobbies

- **Traveling**
- **Food**
- **Photography**
- **Videography**
- **Teaching**

Key Takeaways

- **Cross-Domain Expertise**
- **Leadership & Collaboration**
- **Commitment to Quality**
- **Continuous Learning**

Projects

- **Healthcare**: Hospital Management System
- **Education**: Learning Management System & Online Exam Platform
- **Finance**: Banking Loan Management System
- **E-commerce**: HRM, CRM & Travel Booking Engine
- **Kiosk Solutions**: Micro frontend-based Kiosk Application
- **Custom Libraries:** Developed reusable Angular for enhanced scalability and modularity
